

Coffee Shop Website

CSE 3100 Project Proposal

Overview

A coffeehouse, coffee shop, or café is an establishment that primarily serves coffee of various types. A coffeehouse may also serve food, such as light snacks, sandwiches, muffins, fruit, or pastries, etc. Coffee Houses range from owner-operated small businesses to large multinational corporations.

Features

1. Home

It's a start page and it's generally the primary web page that a visitor navigating to a website from a search engine will see, and it may also serve as a landing page to attract visitors.

2. Menu

A list of food and beverages offered to customers and the prices will be displayed on this page.

3. Product List

Various types of coffee beans will showcase on this page, people can also purchase those coffee beans.

4. Shop

A list of food and beverages offered to customers and the prices will be displayed to add to their cart list.

5. Cart

List of items on the cart list of somebody added them.

6. Checkout

Details of their billing system.

7. Contact Us

Contact Information will be provided on this page.

8. Our Process

Process of making coffee and services.

9. About Us

About the restaurant.

10. Our Team

Meet the restaurant team.

11. Location

Location of the restaurant.

12. Book a Reservation

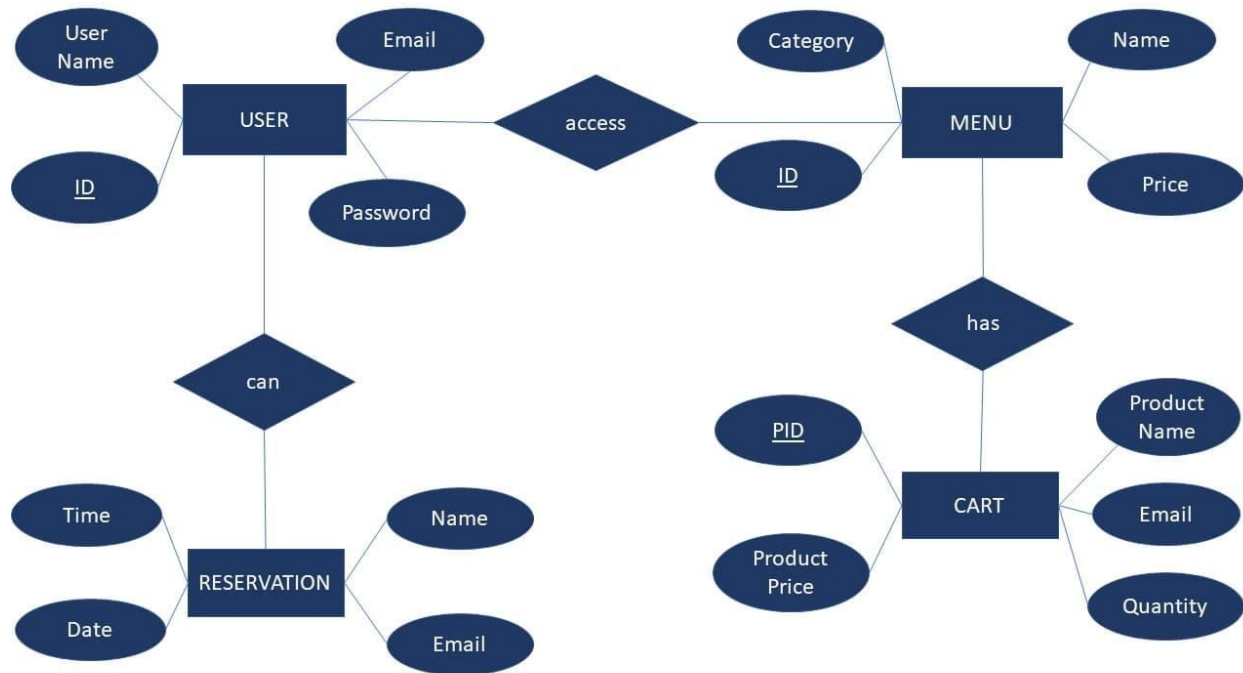

Reserve a seat in the coffee shop.

Implementation Approach

With this in mind, it would be best to highlight what makes a business stand apart from competitors. Consequently, most brands embrace the essence of web presence in their brand

promotions. Hence, upon planning the web design, one can choose coffee shop websites that will inspire to build it exceptionally.
